IN ALL MODERN HOMES

Why Don't You Cook With a Cabinet Gas Range?

No home is truly modern unless equipped with an up-to-date
Cabinet Gas Range. The progressive cook knows that by using a
Cabinet Gas Range she is lightening her labors, securing far better
results, and enjoying real fuel economy.

The Cool Way To Prepare Meals

Hot summer days will soon make work in the kitchen uncomfortable
and tiring—unless you cook with a Cabinet Gas Range.
Gas Range Cooking is surprisingly cool. The heat is applied directly
to your cooking. There's no building a fire, no letting the coals die
out. The flame is on or off instantly.
Many of the new Cabinet Ranges have glass-pannelled oven doors.
You can watch your baking without letting any of the heat escape
into the kitchen.

A little payment per month will bring the latest up-to-the-minute
Cabinet Gas Range to your home.
Come in and let us show you our many styles in the latest improved
Gas Ranges. No trouble to show you.

Breezes Blow.

if it is to be successful. Your increased patronage quickly pays the small

"Why" and "what" he's prescribing. His knowledge and skill
count for naught unless the druggist who fills the prescription
does so with MINUTE ACCURACY and also uses only FRESH,
PURE DRUGS.

Filling prescriptions has always been more than merely a busi-
ness with us—it's a PROFESSION—a SACRED DUTY—which
demands and gets our most conscientious and expert attention.

If you value DEPENDABILITY, KNOWLEDGE, EXPERIENCE,
you'll find our prescription service invaluable.

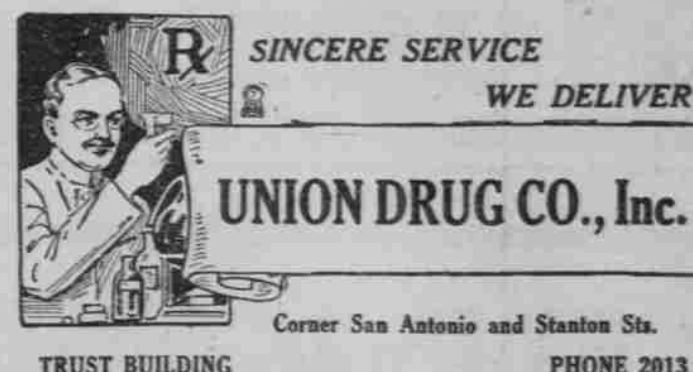

Doctor, Nurse, Pharmacist

Do you select YOUR PHARMACIST with the same discrimination
used in choosing your doctor and nurse?

Getting the prescription FILLED RIGHT is no less vital than get-
ting the right prescription.

Your doctor, your nurse know us—OUR SCRUPULOUS AC-
CURACY, OUR EXPERIENCE, OUR REPUTATION.

Send your doctor's prescription to us and KNOW
that his orders are minutely followed.
